HOW TO MAKE A CLAIM

In the event of any possible claim under any section of this insurance, please notify us as soon as possible and no later than 60 days after discovery of any possible incident likely to result in a claim. If you do not contact us within 60 days of discovery of the incident and this prejudices our ability to verify the claim then, other than in exceptional circumstances, we will be unable to deal with your claim.

You do not need to contact us before any treatment begins except for alternative medicine or complementary treatment.

We will require your policy number when you call so please have this ready, this can be found on your policy schedule. If your vet and our vet disagree about any veterinary issues connected to your claim, we will appoint another vet as an independent expert that we and you both agree to use and whose decision we and you both agree to accept.

The completion of a claim form is required and we will never guarantee payment of a claim over the telephone. If you want to make a claim you must complete your sections of the claim form and for veterinary fees, you will need to arrange for your vet to complete their part along with a full medical history and return this to us within 60 days of the pet receiving the treatment or as soon as possible thereafter. For death claims, we will additionally require the original purchase receipt, vet's death certificate or independent witness statement. You will be responsible for any costs charged for the completion of the form. If all or part of your claim cannot be paid we will tell you in writing. Please send your claim form and all supporting documents to the address stated on page 3.

Please note that we only accept invoices that are on a veterinary practice headed paper and contain VAT amounts and a VAT number if your vet is VAT registered.

Financial and treatment histories headed 'Insurance report' or similar are not acceptable.

Subject to the policy terms and conditions, we will pay your claim if the claim form is correct and complete:

- When we have all the information we need to support the claim
- When we are sure that the claim is valid
- When any legal action or other action has been settled

If it is more convenient and your vet agrees, we can pay claims directly to your vet, after deductions. You can tell us to do this when you make a claim. We will not pay veterinary fees directly to anyone who is not a vet. If you have asked us to pay your vet they will send payment directly to the practice and if there is any amount other than the fixed excess that we cannot pay because the costs are not covered, they will tell you in writing. You must settle with your vet any amount not covered under this policy.

If any liability under this insurance is covered by any other insurance policy, we will not pay any claims until that cover is exhausted.

Following a claim we shall be entitled to take over and exercise any rights in your name against any other party for our own benefit and at their own expense to recover any payment they have made under this policy.

To assist us with handling claims we may obtain information directly from your vet or specialist. You agree to obtain any documents that we require to assess your claim from your vet, specialist or third party that we request at your own expense.

ABOUT YOUR PET INSURANCE POLICY

This is a pet insurance policy that lasts for a year and you must pay the full year's premium in one payment or monthly instalments.

Your insurance contract is made up of this Policy Wording, your Policy Schedule and the information you gave when arranging this insurance or at any time after. To know exactly what is covered by your insurance contract you need to read your Policy Wording together with your Policy Schedule.

In return for having accepted your premium we will in the event of injury, loss or damage happening within the period of insurance provide indemnity as described in the following pages and referred to in your Policy Schedule.

It also provides cover while you travel on holiday with your pet in European Union States and Territories for up to 30 days in each period of insurance for Essentials, Classic and Extra and up to 90 days for Ultra. Please visit the gov.uk website to follow the latest guidance on travel within the EU post-Brexit.

Renewal terms

When we offer further periods of insurance, we may change the premium and the policy terms and conditions as your pet gets older and to allow for future increases in treatment costs.

Explanation of terms

Essentials 12 Month Time Limited

This product type provides a financial limit for each new accident or illness for 12 months from the onset date of each condition. Once the financial limit has been reached or the 12 months has passed, whichever is sooner, any on-going treatment required as a result of the condition will be excluded from future claims. No further cover will be provided unless your insurance policy remains in force with no breaks in cover and premiums are kept up to date.

Classic, Extra and Ultra Lifetime

This product type provides a financial limit for all new accidents and illnesses, combined per year. When the financial limit has been reached, no further claims can be made until the policy is renewed at which point the financial limit is fully reinstated as long as your insurance policy remains in force with no breaks in cover, premiums are kept up to date and the insurer offers renewal.

Dual insurance

You must inform us if you have another insurance policy in force for the same pet covering the same injury, illness, bodily injury, death, damage, destruction, expense or liability. If this is the case, we will not make any payment for any claim that results from an incident covered by any other insurance. If there is any other insurance under which you are entitled to make a claim you must report the incident to that insurance company and tell us their name and address and your policy and claim number with them.

Financial Services Compensation Scheme (FSCS)

We are covered by the Financial Services Compensation Scheme (FSCS). You may be entitled to compensation from the scheme in the unlikely event we cannot meet our obligations to you. This depends on the type of insurance and circumstances of the claim.

Further information is available from the Financial Services Compensation Scheme. Their telephone number is 0800 678 1100 or 020 7741 4100. Alternatively, more information can be found at www.fscs.org.uk

CANCELLING YOUR INSURANCE POLICY

Cancelling within 14 days

You may cancel this policy within 14 days of the date of purchase or from receipt of the policy documents, whichever is later. Any premium already paid by you will be refunded to you providing no claim has been made or is intended to be made and no incident likely to give rise to a claim has occurred. If you do not exercise your rights during the 14 day period, your policy will continue as normal. This is known as a cooling off period.

Cancelling after 14 days

You may cancel the policy after the cooling off period. Provided there has been no claim or incident likely to give rise to a claim during the current period of insurance, we will calculate the proportionate premium for the period you have been insured and apply an administration charge for cancelling the policy (please refer to the Terms of Business Agreement for details of administration charges). If there is any outstanding amount due to you we will refund this. If there are unpaid monies you will be required to pay this outstanding balance.

Cancelling following a claim

If any claim has been made within or after the cooling off period, or any circumstances have occurred which might give rise to a claim during the period of insurance, you must pay the full annual premium and you will not be entitled to any refund. If you pay by monthly instalments you must pay the remainder of the annual premium. Alternatively, we may deduct outstanding instalments from any claim payment that may be due to you.

This will not apply in the event of the death or loss of your pet.

You can cancel your policy by calling us on **0345 165 0928** (8am to 8pm Monday to Friday, 9am to 2pm Saturday) or alternatively in writing to the address below:

Signs of injury

You must arrange for a vet to examine and treat your pet as soon as possible after it shows clinical signs of an injury.

If we decide this may not be the case we may refer the case to an independent vet. If it can be established that the delay in arranging treatment has or is likely to result in additional costs or expenses being incurred we reserve the right to either refuse to admit the claim or make a deduction from any settlement to reflect these increased costs or expenses.

Cover overseas

Cover overseas is subject to the limit shown in your Policy Schedule. In the event that your pet requires veterinary treatment whilst temporarily outside the UK, payment of any treatment will be made by you to the vet whilst you are there, upon return home, you should telephone us immediately and report the claim on **0345 165 0928**.

We will forward to you a claim form for completion. This form must be returned complete with all paid veterinary receipts. Settlement of eligible claims will be made to you, after any applicable deductions have been made, in sterling at the rate of exchange used when the treatment invoice was paid, such payments discharging us from all further liability connected with such claim.

Claims information

Before your pet is treated check that your vet is willing to complete the claim form, provide medical history and supply us with the supporting invoices. We will not pay for the vet to do this.

The claim form and invoices along with a full clinical history must be returned to us within 60 days of the pet receiving the treatment or as soon as possible thereafter. Please make sure that the form is signed by both you and your vet and that it is indicated to whom we should make the payment.

If you are submitting a claim for an on-going injury your vet must still complete a claim form and supply us with the supporting invoices on each occasion that treatment is provided.

If your pet is referred to a specialist please make sure that the vet who normally treats your pet has completed a separate claim form for the initial costs. We will not be able to assess the claim form and supporting invoices from the referral practice until we have processed the initial treatment from your own vet.

With your authority we will pay your claim settlement directly to the vet on your behalf.

If you have asked us to pay your vet we will send payment directly to the practice and if there is any amount other than the fixed excess or percentage excess that we cannot pay because the costs are not covered we will tell you in writing. You must settle with your vet any amount we cannot pay.

Policyholders who are veterinary surgeons or staff

If you are a veterinary surgeon you may treat your own pet but another vet must countersign the claim form confirming the treatment has gone ahead. The same applies if you are a vet nurse, you cannot complete your own claim form.

Section 2 – Third party legal liability (Dogs only)

What is covered?

We will pay up to the third party liability limit of indemnity, dependent on the cover level shown on your Policy Schedule which you become legally liable to pay as damages (including costs) during the period of insurance for any claim or series of claims arising from any one event or original cause in respect of an incident occurring during the period of insurance involving your dog causing:

HELPLINES

24 Hour Vet Helpline

The Ageas Pet 24 hour vet helpline is an advice line for all Ageas pet customers and operates 24 hours a day, 365 days of the year, offering you an outlet for all queries regarding your pet's health.

The service is provided by The Vet Connection which has been trading since 2003 with over 100,000 pet owner interactions each year.

All communications are handled by a national and highly scalable network of RCVS (Royal College of Veterinary Surgeons) registered veterinary nurses who have a minimum of three years practical experience and most holding advanced qualifications.

How the 24 Hour Vet Helpline works:

If you have a question or concern about your insured pet you can call our helpline and speak to a qualified veterinary nurse.

The veterinary nurse can offer advice on whether you can treat your pet at home, if you'd need to take your pet to your veterinary practice or an out of hours veterinary surgery.

If the veterinary nurse deems it necessary, there is also a video calling service where the veterinary nurse can initiate a video call to assess your pet closely.

As well as offering a service to assist with any immediate injuries or illnesses that your pet is facing, we can also offer support on a whole range of topics including feeding and nutrition, buying a puppy or kitten, travelling tips, pregnancy care and post-operative advice.

Benefits to the 24 Hour Vet Helpline:

- Advice and support when your insured pet is injured or unwell giving you peace of mind at a difficult time.
- Potential to reduce costly trips to the vet which can be highly stressful for both you and your pet.
- Professional advice on hand 24hrs a day, 365 days a year, meaning that you always have someone on hand to talk to.
